

IMPROVEMENT TECHNICIAN LEVEL 3

Apprentices will develop a solid understanding of the (Yellow Belt) Lean Six Sigma methodologies to improve organisational processes and procedures, and provide support to Managers or Lean Six Sigma Green and Black Belt Practitioners. They will acquire the tools and techniques to assist in the implementation of projects, develop a common language, and a way of working which will develop a lean culture, reduce waste and improve productivity.

Learning topics within this Apprenticeship include:

Personal and Professional Development
Team Formation and Leadership
Principles of Lean Six Sigma

Project Management
Change Management
DMAIC Tools and Techniques

LEARNER JOURNEY

- 12 months on-programme learning + End Point Assessment
- Monthly, virtual classroom lessons/workshops
- Additional online 1-2-1 support from our specialist tutors
- Workplace training, shadowing & mentoring
- Progress reviews
- Functional Skills support in English and Mathematics
- End Point Assessment preparation

PROGRESSION

Completion of this Apprenticeship may lead to a variety of opportunities in one of the following occupations: Business Improvement Coordinator, Continuous Improvement Leader, Process Technician, Operational Excellence/Lean Engineer, Lean Six Sigma Yellow Belt and Quality Control Analyst.

Dependent on employer requirements, Apprentices may progress to higher level Apprenticeships in Continuous Improvement or Leadership.
